

MOHD SYAHMI MUQRI

Web Application Developer

Cyberjaya, Selangor | 013-6669798 | syahmimuqri@gmail.com | www.linkedin.com/in/syahmimuqri

ABOUT ME:

Results-oriented Web Application Developer with over 4 years of experience building, deploying, and maintaining responsive web applications. Proficient in front-end and back-end development, with a strong grasp of modern frameworks and technologies including Laravel, .NET Core, and React. Passionate about building scalable applications, optimizing performance, and delivering high-quality code.

WORK EXPERIENCE:

WEB APPLICATION DEVELOPER

August 2022 – Present

Alami Technologies Sdn Bhd, Cyberjaya, Selangor

- Created, deploy and maintained complex web applications using Laravel, .NET Core, React, MySQL, and MSSQL
- Designed and implemented RESTful APIs for efficient data retrieval and storage
- Integrated Esri's ArcGIS Enterprise SDK to build custom applications that utilize geospatial data and capabilities
- Ensured cross-browser compatibility and mobile responsiveness for multiple client devices

FREELANCE WEB APPLICATION DEVELOPER

April 2020 – Present

PiCrust IT Solution, Rawang, Selangor

- Created, deploy and maintained web-based SaaS platform using Laravel, serving 2,300+ users
- Integrated third-party payment gateways and APIs, enhancing functionality and security of the platform
- Collaborated with clients to identify project requirements and deliverables
- Managed and mentored an intern, overseeing his work and conducting regular code reviews to ensure best practices were followed

UNITY 3D DEVELOPER INTERN

March 2022 – August 2022

Hezmedia Interactive Sdn Bhd, Petaling Jaya, Selangor

- Designed and developed mobile multiplayer games using Unity 3D, C#, and Photon
- Developed virtual reality (VR) application for Petronas event opening ceremony gimmick
- Implemented game mechanics and physics to create engaging gameplay experiences

WEB APPLICATION DEVELOPER INTERN

July 2019 – September 2019

Perodua Manufacturing Sdn Bhd, Rawang, Selangor

- Build and maintained web applications using HTML, CSS, JavaScript, PHP, and MySQL for Blanking Line Section in Press Department
- Conducted user testing and implemented user feedback to improve application usability
